

# In game commands

## Admin/GM activation

- Open PHPMYAdmin
- In the "account" table put "10" in both "admin" and "isGm"
- In the "characters" table put "10" in "GameMaster"
- If you make changes in PhpMyAdmin, before they take effect, you need to restart the servers.

## For reference: character classes "CLASS-ID"

- 7: Fighter
- 8: Swordsman
- 9: Crane Hermit
- 10: Turtle Hermit
- 13: Dark Warrior
- 14: Shadow Knight
- 15: Dende Priest
- 16: Poco Priest
- 17: Ultimate Majin
- 18: Grand Chef Majin
- 19: Plasma Majin
- 20: Karma Majin

## How to use: the Command box & PhpMyAdmin

- Press "enter" to open the chat window/command box, use "@" commands
- Alternative: add items with Phpmyadmin in the dbo\_char "items" database.
  - Click "insert"
  - Owner\_Id identifies the character
  - "tblidx" = item code (see below)
  - "Place" = position of item. E.g. 1 = inventory #1.
  - "Position" = place in the inventory box; E.g. "0" = the first place.
  - "Count" = how many, "Rank" = 1-5 (normal to legendary), "Grade" = lvl 1-15
  - Click "continue"
